Appendix

Appendix

Phylactery . A container of souls, referring to the necklace that a Shepard used to keep the Versi safe until they could be returned to the life stream.

Shepard . An unmarked Versi that accomplished their Awakening.

Awakening . The process of a Versi joining themselves to the life stream to eventually join their people within.

The Offering . Refers the a Shepards first child who is always stillborn and unsavable as an offering to the life stream to continue their way of life. It’s known that a second offering can happen, but this offering can be saved through intervention of the Versi.

Apoldyon . A Primal that the Goul served willingly and who used sacrifices as a means of powering itself.

Goul . A Tribe in Mericydia that took the last living Versi as a slave after slaughtering her kin.

Xia . A Combination of 3 tribes of Au’Ra, which included the Versi who took the Au’Ra’s form to stay hidden.

Stars Will . The concept of universal purpose to the Versi. What is the driving factor to all things.
